BE OPTIMISTIC

Here's Good News for Norway Residents

Have you a pain in the small of the back? Headaches, dizziness, nervous spells? Are you languid, irritable and weak? Annoyed by urinary disorders? Don't despair—profit by Norway experiences.

Norway people know Doan's Kidney Pills—have used them—recommend them.

Here's a Norway resident's statement: Mrs. Myrtle Payne, Main St. says: "A few years ago I was having pains across my back and kidneys. This annoyed me very much and on stooping or lifting, I felt the pains more. I found Doan's Kidney Pills good for this trouble. As I used them the pains gradually lessened and soon I was practically free from the trouble. I feel that Doan's Kidney Pills are entirely worthy of my recommendation."

High School Notes

On Monday, November 24, T. C. Morrill addressed the student body on the subject of the proposed union high school with South Paris. Mr. Morrill plainly stated the financial possibility of carrying out this plan. In a convincing manner he removed objections to the proposal and gave forceful argument against continuing in the present high school building. Mr. Morrill's talk was so animated, pleasing and reasonable that every student felt at the close that he was willing to use his influence to have the plan carried out.

On Wednesday evening, November 26, under the leadership of Mr. J. Parker, the high school pupils gave the most successful social of the year. More were in attendance than ever before. During the evening, dancing and games were enjoyed. The good time was in great measure due to the splendid music furnished by Elizabeth Klein, Dorothy Thomas and Louise Thomas.

Edith Knight spent the Thanksgiving recess at her home in Richmond. On her return trip, she stopped at Portland and visited the high school on Monday. Mr. Brown was entertained in South Paris over the Thanksgiving holidays.

Clarence Dyer was at home, in South Portland, during the vacation.

Elsie Pegcock spent Thanksgiving at her home in Gardiner.

Miss Tracy was at home in Lewiston over the week end.

The constitution of the Athletic Association has been changed so that membership is now of material benefit to the members. By paying the association dues of seventy cents per term, each student may secure a season ticket for all basketball and baseball games.

On Thanksgiving eve the first girls' basketball game was played at West Paris. The teams were so evenly matched that the game was not exceedingly snappy. The West Paris team was completely outplayed by the strong quintet from Norway. Miss Mills and Miss Foster were the star shooters on the Norway team.

The guards fed the ball to Crocker and they succeeded in going across themselves, thus giving West Paris a chance for scores. At the last, the Norway team scored and West Paris got two baskets.

Stella Harwood entertained a group of teachers, senior and junior girls, at her home at Norway Lake on Monday evening, December 1st. The affair was given to celebrate Miss Harwood's birthday and was most enjoyable in every way.

The first part of the evening was devoted to an indoor track meet; games of various kinds were played after which refreshments were served. The evening was closed with singing by all the guests. In the party were the Misses Alma Noyes, Clara Harwood, Clara Robbins, Thelma Grover, Alice Bartlett, Elizabeth Bartlett, Margaret Eisenwinter, Madelyn Hayden, Ethel Thompson, Ethel Lapham, Lucy Witt, Miss Tracy and Miss Peacock.

Knights of Pythias Ball

The largest crowd in the history of lo-
cal Pythianism attended the 36th annual
Thanksgiving Ball at the Norway Opera
House Thursday evening, given under the
auspices of Pennessowassee Lodge, No.
18, K. of P. More than a hundred cou-
ples danced, and the largest balcony sale
in thirty-six years went on the lodge rec-
ords. The net proceeds kept pace with
the other record breaking facts and a
large sum has been tucked away for a
special purpose.The order of dances included sixteen
numbers and two extras. All but two
were fancy dances, namely march and circle
and Boston Fancy. The march and
circle led by Mr. and Mrs. Edward J.
Sharon hardly called forty couples on the
floor and Boston Fancy was omitted.
During the remainder of the night the
crowded conditions made elegant dancing
impossible, but everybody was in good
spirits and the snappy music just carried
them along.No mistake was made by the committee
when they selected the Imperial Singing
Orchestra for an attraction. Nine men
appeared in the personnel, the vocal quar-
tet included H. Walter Brown, Abraham
Klain, Fred Moore and Ernest Paige,
the instrumentalists were Harold G. Em-
erson, violin; Clarence L. DeCoster, trom-
bone; Mr. DeMar, cornet; George Soper,
drums; Harold A. Anderson, piano. Voc-
al solos and choruses figured conspicu-
ously in the musical selections which were
a source of enjoyment to the dancers and
balcony.The floor manager was Edward J. Sha-
ron; aids: Elton L. Brown, William H. D.
Smith, Donald B. Partridge, W. Arthur
Lewis, Ernest M. Noyes and Charles H.
Ellings. Honorary aids: John E. Ever-

Shoe Prices

to take a little time and some space in this paper, that I may be able to help the readers of this article or advertisement, the shoe situation now stands. We will admit that prices are high, much higher than they ought to be, but we do not admit that they are out of proportion to the necessities of life. I have recently paid \$6.00 for a pair of shoes and I am perfectly satisfied with the price and quality of the shoes. They could not be sold for less at a profit. I pay 65 cents for a pair of shoes, 12 cents a bottle for milk and so on down the list, and producers are not getting any more than they ought to have for their products.

We have at the present time a store full of footwear of all kinds and are selling below the market price to-day. Our stock is more than half our stock is less than we can buy at wholesale. It has always been the purpose and policy of this store to give our customers full value for their money, and this policy has surely been the reason for our success. We are approaching the end of the year and our customers have been loyal to us and we surely appreciate their loyalty. As the holidays are approaching we will suggest that you buy your shoes now. We are sure that footwear of all kinds is always useful and we are also positive that we can suit you in style, quality and price.

We are fitting up and expect to have in operation in a few weeks, a shoe and shoe repair department. We shall have all new and up-to-date machinery and intend to have as good a repair shop as can be found anywhere.

George Davey will be in charge and that fact is a guarantee that the work will be done right. We shall use the best of stock and our prices will be as low as good work can be done. We shall make a great effort to work out promptly. You will be informed when this department is ready for business. Save your repairing for us.

When You

Buy a steak for breakfast you'd rather pay 40 cents or 50 cents a pound than to have one that you paid 20 cents or even 25 cents a pound. Satisfaction. "Right?" Then listen. In buying that Overcoat that you plan on to keep out the chills between breakfast and your place of business, please don't forget that a good coat at \$40 or \$45 is money well spent, while a cheap affair at \$20 or \$21.50 will give you as poor satisfaction as the cheap steak would give you for breakfast.

Our Overcoats are nothing but Satisfaction. They are made for TWO fisted fellows, who wear a coat for two or more seasons. All wool, of course, and the colorings are exceptional.

Seth Moore

Seth Moore, an aged and respected citizen, passed away very suddenly while making a call at Lewis Howard's on Nov. 14. He became unconscious directly after entering the house and expired in ten minutes. He had been in poor health for some time, although able to be out. His death was not unexpected; he was 84 years, 7 months and 1 day old.

Mrs. William Peabody of Providence, R. I., was in town recently, called here by the sudden death of her grandfather, Seth M. Moore.

Some of the best black face talent has been secured to produce comedy in abundance. Well known vocalists and instrumentalists will handle the musical numbers. The opening set "An Evening in the Cafe" is a novelty, and never presented in South Paris by any minstrel company. Some clever specialties are to be introduced in the olio. ANNOUNCEMENT
ABOUT MUSIC

Many customers who come into my store for some particular article of musical merchandise express surprise to see such a variety of things with which to make harmony so I have decided to try to give the public a better idea of what can be obtained here. The main idea of the store is to supply the public with what they want in the line of music. As noted in the Advertiser of August 29 I recognize that there is a great diversity of opinion as to what is needed to make harmony but whatever it is I intend to have it if I know that the people want it. So if you don't see what you want, ask for it and I will do my best to get it for you. You may not want a brass drum but the other fellow will. Perhaps you will want your growing son to have a trombone. Some folks think that all that is necessary to make harmony is some good reading matter and the less noise the better. Sure yourself about that, but here's where you can find it. From some of the letters I have received in the prize competition it would appear that music has nothing whatever to do with sound. More about that later.

Well here you can find Victorrols, Gramophones, records of all kinds from "Holy City" to "Casey Taking the Census," record albums, brushes, oil, grease, catalogues, sheet music and albums of all kinds of music (If I were to put in the names of the pieces they would fill many papers the size of this one) instruction books for all kinds of instruments, E flat bass horn, music stands, mandolins all sizes, shape and prices (the best is the Gibson), violins, strings, mutes, fittings, E-string tuners, rosins, bows, cases, guitars, Hawaiian guitars, Hawaiian Sets, green cloth cases, strings, capo-d'astros, chiu rests, harmonicas, music satchels, pianos, tambourines, and many other articles which maybe I will mention another time.

On rare occasions I have used instruments of different kinds which bear an attractive price. Just now I happen to have two used graphophones, practically as good as new at a reduced price. Then there is most always the special sale sheet music 10 for 50 cents (the kind not much called for or somewhat worn at the back) 22 for one dollar—my selection. I have a used Edison cylinder machine with about 50 records which someone will get at a low price. The books which I keep for sale are high grade story books, those about musicians and music. I also carry a full line of Webster's Dictionaries and the Scofield reference Bible. Come in and let me show them to you. Maybe you can get more music out of one of these than you could out of a trombone. O, I nearly forgot the oil paintings and the reproductions of the old masters. They are worth looking at if you do not want to leave Norway, come in and look around even if you do not want to buy anything. If you want to hear a record or two just say so and I will be glad to play them to you. If I am interested enough to sell a musical instrument occasionally and to have people have them in their homes for enjoyment I certainly should be willing to play a record occasionally here in my store to someone who has no thought of buying.
